

SPARE TIRE HOLDER WITH REVOLVING SHAFT

This holder fits 3" x 3" and 3" x 4" tube tongues but can be adapted to other sizes and styles.

Mount holder as indicated at left and adjust along tongue to the point where tire contacts ground a few inches below trailer skid level. Padlock to secure against theft.

Tire Holder adapted for both 4 & 5 Hole Rims — Use 2 bolts with 4 Hole & 3 bolts with 5 Hole Rims.
